

The VASH funded PSH programs will only need to provide a Total Household count and Total Person count. For each table provide those counts. If you don't have numbers for households and/or persons on any of the tables the just enter a '0' in the household field and total person field. All other fields can be left blank.

Example table with counts:

If you have counts on this table then you also have to provide counts in the Veteran Households with Adults and Children table as well.

Households with at least One Adult and at least One Child

This section doesn't apply to this program. This button will zero all values in this population group.

Population Breakdown		Gender (Each client should be counted in only one box below)	
Total number of households	<input type="text" value="2"/>	Male	<input type="text"/>
Number of these which are chronically homeless households	<input type="text"/>	Female	<input type="text"/>
Total number of persons	<input type="text" value="4"/>	Transgender	<input type="text"/>
Number of minors (under age 18)	<input type="text"/>	A gender that is not singularly female or male	
Number of youth (age 18-24)	<input type="text"/>	Questioning	<input type="text"/>
Number of adults 25-34	<input type="text"/>	NonSubstantive	
Number of adults 35-44	<input type="text"/>	Ethnicity (Each client should be counted in only one box below)	
Number of adults 45-54	<input type="text"/>	Hispanic/Latin(a)(o)(x)	<input type="text"/>
Number of adults 55-64	<input type="text"/>	Non-Hispanic/Non-Latin(a)(o)(x)	
Number of adults over age 64	<input type="text"/>	Race (Each client should be counted in only one box below)	
Number of chronically homeless persons	<input type="text"/>	White	<input type="text"/>
		Black, African American or African	
		Asian or Asian American	<input type="text"/>
		Native American, Alaskan Native, or indigenous	
		Native Hawaiian or Pacific Islander	<input type="text"/>
		Multiple Races	
			<input type="text"/>

Example table without counts:

If you did have counts on this table you would also need to provide the counts in the Veteran Household with Adults only below.

Households without Children

This section doesn't apply to this program. This button will zero all values in this population group.

Population Breakdown		Gender (Each client should be counted in only one box below)	
Total number of households	<input type="text" value="0"/>	Male	<input type="text"/>
Total number of persons	<input type="text" value="0"/>	Female	<input type="text"/>
Number of youth (age 18-24)	<input type="text"/>	Transgender	<input type="text"/>
Number of adults 25-34	<input type="text"/>	A gender that is not singularly female or male	
Number of adults 35-44	<input type="text"/>	Questioning	<input type="text"/>
Number of adults 45-54	<input type="text"/>	NonSubstantive	
Number of adults 55-64	<input type="text"/>	Ethnicity (Each client should be counted in only one box below)	
Number of adults over age 64	<input type="text"/>	Hispanic/Latin(a)(o)(x)	<input type="text"/>
Number of chronically homeless persons	<input type="text"/>	Non-Hispanic/Non-Latin(a)(o)(x)	
		Race (Each client should be counted in only one box below)	
		White	<input type="text"/>
		Black, African American or African	
		Asian or Asian American	<input type="text"/>
		Native American, Alaskan Native, or indigenous	
		Native Hawaiian or Pacific Islander	<input type="text"/>
		Multiple Races	
			<input type="text"/>

Example veteran specific table with data that relates to the primary table Households with Adults and Children above. If you didn't any counts in the Households with Adults and Children table, then this table would have '0' entered for households, total person and total veterans.

Note: The veterans counted in this section should have also been included the primary population tables above.

Veteran Households with at least One Adult and at least One Child

This section doesn't apply to this program. This button will zero all values in this population group.

Population Breakdown

Total number of households

Number of these which are chronically homeless households

Total number of persons

Total number of Veterans

Number of chronically homeless persons

NOTE: These counts should reflect the veterans only

Gender (Each client should be counted in only one box below)

Male

Female

Transgender

A gender that is not singularly female or male

Questioning

NonSubstantive

Ethnicity (Each client should be counted in only one box below)

Hispanic/Latin(a) (000)

Non-Hispanic/Non-Latin(a)(000)

Race (Each client should be counted in only one box below)

White

Black, African American or African

Asian or Asian American

Native American, Alaskan Native, or Indigenous

Native Hawaiian or Pacific Islander

Multiple Races

Example of veteran specific table with data that relates to the Households with only Adults table above:

If you had counts in the Households with Adults only table then you would need to also provide them here and identify the veteran count

Veteran Households without Children

This section doesn't apply to this program. This button will zero all values in this population group.

Population Breakdown

Total number of households

Total number of persons

Number of these which are chronically homeless persons

Total number of Veterans

NOTE: These counts should reflect the veterans only

Gender (Each client should be counted in only one box below)

Male

Female

Transgender

A gender that is not singularly female or male

Questioning

NonSubstantive

Ethnicity (Each client should be counted in only one box below)

Hispanic/Latin(a) (000)

Non-Hispanic/Non-Latin(a)(000)

Race (Each client should be counted in only one box below)

White

Black, African American or African

Asian or Asian American

Native American, Alaskan Native, or Indigenous

Native Hawaiian or Pacific Islander

Multiple Races

Example of the summary table:

Check your summary data. If you are over or under utilized then provide the necessary information and click confirm and save

Summary

Totals

Population Count Totals	
Total number of households	<input type="text" value="2"/>
Total number of persons	<input type="text" value="4"/>
Beds Reported	
Total number of beds	164

Overutilization

A reason or explanation is required if overutilization exceeds the set threshold.

Reasons for overutilization

- Beds have multiple occupants
- Cribs in use
- Other

Further overutilization explanation

Underutilization

An explanation is required if underutilization exceeds the set threshold.

Underutilization explanation

Certification

- I am not finished entering data, and wish to save my place to continue later,
- or -
These counts appear to be incorrect, and I will come back after making the appropriate changes in HMIS.

- I hereby affirm that these counts have been verified and are accurate.
