

Revised 01/09/2025

**CT HMIS Agency Memorandum of
Understanding by and between the CT HMIS
Designated Lead Agency**

THIS HOMELESS MANAGEMENT INFORMATION SYSTEM AGENCY MEMORANDUM of UNDERSTANDING (the "MOU") is made by and between the Designated Lead Agency (DLA), as the primary coordinating entity for the Connecticut HMIS Data Strategy Board (hereinafter "CT HMIS DSB"), and

Agency Name: _____, a participating agency with offices at

Address: _____

City: _____

State: _____

Zip Code: _____

(hereinafter "Participating HMIS Agency" or "Agency") effective from the date of the signing of this document through June 30, 2028 inclusive. The MOU may be amended by written agreement of the parties.

Whereas, the CT HMIS is a client information system that records the use of housing and services which can be used to determine the utilization of services of participating agencies, identifying gaps in the local service continuum and develop outcome measurements.

Whereas, the CT HMIS employs a statewide data sharing model among all agencies as described in its Policies and Procedures.

Whereas, the Designated Lead Agency (hereinafter "DLA"), has been designated the Lead Agency for the CT HMIS.

Now, therefore, in consideration of the mutual promises contained in this Agreement, DLA and Participating HMIS Agency agree as follows:

I. Definitions

Client is a consumer of services provided by or through the Agency.

Continuum of Care (COC) refers to one of the HUD-recognized subdivisions with responsibility for implementing homelessness services and programs for the state of Connecticut.

Contributing HMIS Organization (CHO) is a HUD term used in U.S. Department of Housing and Urban Development Homeless Management Information System (HMIS) Data and Technical Standards Final Notice and in the CT HMIS Policies and Procedures manual, for an organization that operates a project that contributes data to an HMIS.

The **Connecticut Homeless Management Information System (CT HMIS)**, a computerized data collection application designed to capture information about homeless people and homeless programs over time. “CT HMIS” is the general name for one or more HUD-compliant software applications implemented and adopted in the state.

CT HMIS Lead Agency is the entity authorized by the CT HMIS DSB to serve as the CT HMIS Statewide Administrator and is referred to herein as the Designated Lead Agency (DLA).

CT HMIS Local Systems Administration refers to the set of local/community practices and responsibilities related to CT HMIS for which Agencies are responsible, whether discharged directly or under contract.

CT HMIS Security Officer is the party responsible for duties as delineated in the CT HMIS Policy and Procedures. The Security Officer for the effective period of this MOU is a designated DLA staff person.

CT HMIS Data Strategy Board (CT HMIS DSB) is the group established by the aggregated CT Continuum of Care entities responsible for CT HMIS oversight, implementation, planning, policies and procedures, software selection, and managing the CT HMIS in compliance with HUD’s national HMIS Standards.

CT HMIS System Administrator is the entity contracted by the CT HMIS Lead Agency to serve as the CT HMIS technical support entity. The System Administrator for the effective period of this MOU is Nutmeg Consulting, LLC.

Licensed End Users (End Users) are persons at the Participating Program and Participating HMIS Agency levels who require legitimate access to the software system and are granted such access after training and participating program authorization. Individuals with specific authorization and established roles within CT HMIS software can access the software application for the purpose of conducting data management tasks associated with their area of responsibility.

CT HMIS Data Coordinator (HDC), an individual designated by each Participating HMIS Agency as responsible for ensuring that the Agency meets HMIS participation standards as outlined herein and in the CT HMIS Policies and Procedures.

Participating HMIS Agency or Agency is the organization named in this MOU and means a legal entity responsible for one or more “Participating HMIS Programs” that is licensed to use the CT HMIS.

Participating HMIS Program means a program operated by a Participating HMIS Agency which records data elements regarding clients served and enters these data elements through agreed upon means to the CT HMIS operated by the CT HMIS Lead Agency.

Participating HMIS Agency Security Coordinator (Agency Security Coordinator) is an individual designated by each Agency as responsible for ensuring that the Agency meets and maintains local HMIS security standards as outlined herein.

Funding

CT HMIS activities are mostly covered by federal, state and local funds. In 2016, an executive team was formed to work on a funding sustainability plan, and the outcome was a decision to potentially charge participating agencies a modest annual fee based on the number of active users and active projects at that agency. HMIS participation fees may be assessed annually.

II. Terms of CT HMIS Participation

The Agency agrees to operate within the most current release of CT HMIS Policies and Procedures located at: https://cthmis.com/wp-content/uploads/2023/06/CT_HMIS_Policies_and_Procedures_v6_10.26.2022.pdf

The Agency agrees to assure that all employees and agents comply with these policies. Changes to the policies and procedures will be made from time to time to comply with the CT HMIS Standards or to otherwise improve HMIS operations. All changes require approval by the CT HMIS Data Strategy Board which will provide written notice of these changes to the Agency.

The Participating HMIS Agency shall abide with the CT HMIS Policies and Procedures for all participating programs through mechanisms established by the CT HMIS Data Strategy Board. Such mechanisms may include a completed and certified Annual Administrative Certification Checklist, attached hereto as Exhibit A and incorporated by reference, and Annual Security Certification Checklist, attached hereto as Exhibit B and incorporated by reference. Participating programs for the Participating HMIS Agency are entered in Exhibit A. Agencies seeking first-time access to CT HMIS will be granted access to CT HMIS when all Administrative and Security requirements as outlined in Exhibits A and B have been self-certified as being met. Agencies established on CT HMIS that in any given year are unable to self-certify that all requirements are met will be engaged in a 45-60 day remediation process to correct any shortfall. CT HMIS access will continue during this period.

The Participating HMIS Agency shall appoint an HMIS Data Coordinator (HDC) responsible for all duties specified in Exhibit A and any additional relevant duties that may be established by the CT HMIS Data Strategy Board. The Agency shall appoint a Participating HMIS Agency Security Coordinator responsible for all duties specified in Exhibit B and any additional relevant duties, such as providing security trainings to Agency staff.

III. *Exceptions*

No exceptions can be made for any Agency that has indicated in Exhibit A or B of this Agreement that it does not, at the time of execution of this Agreement, meet all requirements for participation in the CT HMIS. Consistent with CT HMIS Policies and Procedures, Agency shall resolve the issues. First time Agency users of CT HMIS must resolve the issues in order to be granted access to the CT HMIS system. Agencies that already have access will work with the System Administrator in a 45-60 day remediation process to resolve identified issues.

IV. Rights and Responsibilities of Parties

As stated in the CT HMIS Lead Agency MOU (between the CT HMIS DSB and the CT HMIS Lead Agency) the DLA has the following responsibilities, whether executed directly or through contractual arrangement with other parties such as the CT HMIS System Administrator:

- a) Governance and Reporting
- b) Planning and Policy Development
- c) Grant Administration
- d) System Administration
- e) End User Administration
- f) Data Quality and Compliance Monitoring
- g) Conducting Security, Privacy and Data Quality trainings
- h) Ensuring HMIS is operating in accordance with these Policies and Procedures

As stated in the CT HMIS Memorandum of Understanding between DLA and Participating CoCs, **each CoC has the following responsibilities** whether executed directly or through contractual arrangement with other parties such as the CT HMIS System Administrator:

- a) Providing CoC oversight for the Data Quality Standards adopted by the CT HMIS Steering Committee
- b) Convening CoC meetings to review Data Quality and other operational reports
- c) Assign or obtain Local Systems Administration personnel
- d) Assign individuals to participate in activities including but not limited to i) the CT HMIS Data Strategy Board; ii) Policies and Procedures Subcommittee; iii) Performance Measurement Subcommittee
- e) Produce all necessary HUD reports as required, e.g. for the NOFA, LSA, ESG.

Participating HMIS Agencies are responsible for the following responsibilities whether discharged by employed personnel or through contract:

- a) Compliance and self-certification thereof, with all policies, procedures and agreements through mechanisms established by the CT HMIS Data Strategy Board see Exhibits A and B herein)
- b) Collecting and entering data into CT HMIS as per these policies and procedures
- c) Ensuring end users of the program level HMIS compliant system are adhering to the privacy and confidentiality requirements

- d) Ensuring end-user participation in trainings
- e) Participating in CoC meetings and other initiatives of their CoC(s)
- f) Assigning qualified personnel to support HMIS initiatives
- g) Produce all necessary HUD reports, e.g. APR, ESG

V. Oversight and Sanctions

The CT HMIS Lead Agency or its designee will monitor Participating HMIS Agency compliance with these policies and procedures and can verify Self-Certifications via site visits. Agencies must self-certify that Administrative and Security Checklist requirements are met as described in Paragraph III.

VI. Other Terms and Conditions

Indemnification. The Participating Agency agrees to indemnify, defend and hold harmless DLA against all losses, expenses, damages and costs arising out of the agency's participation in CT HMIS, excluding incidents of negligence and willful malfeasance.

DLA agrees to indemnify, defend and hold harmless the Participating Agency against all losses, expenses, damages and costs arising out of DLA's participation in CT HMIS, excluding incidents of negligence and willful malfeasance.

No Warranty. DLA's coordination of CT HMIS, including without limitation all services, functions, materials, content and information, is provided "as is" without warranties of any kind, either express or implied.

Liability. In no event will DLA Board members or employees be held liable for interruptions of services related to the use or inability to use CT HMIS, generally or the specific software applications, or for the transmission of inaccurate information or a breach of security and/or confidentiality resulting from any malfunction of hardware or electronic communications system. Neither shall the Participating Agency or its Board members, staff, volunteers or sub-contractors be held liable for interruptions of services related to the use or inability to use CT HMIS, generally or the specific software applications, or for the transmission of inaccurate information or a breach of security and/or confidentiality resulting from any malfunction of hardware or electronic communications system.

Release. The Participating Agency agrees to and does hereby release DLA from any and all liability related to DLA's performance under the MOU or the CT HMIS Project.

This Agreement shall be in force from the execution date for a period ending June 30, 2028 or until earlier terminated in writing by either party. Without limiting the generality of the foregoing or the right of the CT HMIS Lead Agency to terminate this Agreement for any reason, the CT HMIS Lead Agency may terminate this Agreement if funding for HMIS or any part thereof becomes unavailable or is restricted.

IN WITNESS WHEREOF, DLA and Participating HMIS Agency have executed this Agreement by their respective duly authorized representatives.

HMIS HDC duties include:

- Serve as point-person in communicating with the System Administrator (currently Nutmeg Consulting, LLC)
- Ensure to the extent possible that all Agency and program data is entered accurately and on time according to all contractual requirements
- Facilitate timely reporting from the Agency she/he represents (unless the Agency has designated another person for this function) reports such as;
 - DOH Emergency Shelter Utilization Report
 - DOH AIDS Funded Program Report
 - HUD Annual Performance Report (APR)
 - Data Quality Reports etc.
- Ensure that all Agency staff who will be using HMIS:
 - Receive authorized HMIS training
 - Satisfactorily demonstrated proficiency in use of the software
 - Understand the Policies and Procedures that apply to their role in the system.
- Designate each individual's level of access by submitting a Designation of Access (DOA) to Nutmeg Consulting
- Notify Nutmeg Consulting immediately when an HMIS system user leaves the Agency or no longer requires access to the CT HMIS system.
- Grant technical access to HMIS for new Agency users as needed.
- Keep Agency and Program information up to date. This includes but is not limited to, location, services provided, HUD requirements, and bed inventories (for housing programs)
- Notify all users in their Agency of interruptions in service, changes to data entry workflow, reporting requirements, and upcoming trainings.
- Attend monthly HMIS Data Coordinator meeting held by Nutmeg Consulting
- Inform Agency HMIS users and senior management of pertinent activity.
- Ensure Agency is prepared for annual site visits
- Assume responsibility for the integrity and protection of client-level data by following the policies outlined for the project, which include but are not limited to:
 - client HMIS Consents Forms are signed and on file (when applicable);
 - Interagency Sharing agreements are signed and on file (when applicable);
 - Releases of Information are signed and on file (when applicable);
 - Ensure that the proper IT controls are in place for network, desktop and user security;
- Required HMIS postings are up to date, and properly displayed (when applicable).
- Serve as the Agency's designated Agency Security Coordinator (unless the Agency has designated another person for this function)

Signature: _____ **Date:** _____

You are required to notify the CT HMIS System Administrator within 10 business days if one of these contacts changes.

B. Assurances of Consistency with Policies and Procedures

Each organization is required to establish and follow the relevant policies and practices in order to comply with CT HMIS Policies and Procedures. If the requirement cannot be met at the time of execution of the MOU, you must participate in a remediation action plan process to correct the identified areas that are out of compliance.

Meets Requirements – If unable to indicate Yes, contact help@nutmegit.com for assistance	Yes or No (Select only one)	
Agency has a policy detailing its internal communication practices for HMIS matters consistent with Section 2 of the CT HMIS policies and procedures.	Yes	No
Agency has a policy for granting access to its agency-level HMIS-compliant system's end users consistent with Section 4 of the policies and procedures.	Yes	No
The agency will adopt the minimal End User Agreement provided by DLA/DLA's Agent. (at CT HMIS training)	Yes	No
If not , agency's End User Agreement otherwise meets the minimum requirements established in Section 4 of the policies and procedures (you must attach a copy of the non-standard End User Agreement).	Yes	No
Upon completing Nutmeg HMIS access training, signed End User Agreements will be kept on file for all staff who access the agency-level HMIS-compliant system.	Yes	No
Agency has a policy for managing the breach of End User Agreement that meets the minimum standards outlined in Section 2 of the policies and procedures.	Yes	No
Each end user will be trained on system use, privacy, security, and data collection requirements consistent with train the trainer sessions provided by the CT HMIS Lead or its Agent, the CT HMIS System Administrator and the CT HMIS policies and procedures, consistent with Section 3 of the policies and procedures	Yes	No
Agency is a HIPAA-covered entity and has a Privacy Policy that meets HIPAA requirements.	Yes	No
If Agency is not a HIPAA-covered entity and the agency will adopt the minimal standard Privacy Policy provided by the CTHMIS Lead Agency.	Yes	No
If Agency is not a HIPAA-covered entity and has established a Privacy Policy that otherwise meets the minimum requirements established in Section 2 of the policies and procedures (you must attach a copy of the non-standard Privacy Policy).	Yes	No

The agency's Privacy Policy is posted on its website or is otherwise made available directly to clients when applicable.	Yes	No
A sign including the required language described in Section 2 of the policies and procedures is posted at all intake desks or other location where data collection occurs where data is collected in person.	Yes	No
The agency has a policy requiring that all client data is entered into the system within, at most, the time frame established in CT Data Quality Standards as approved and adopted by the CT HMIS Data Strategy Board.	Yes	No
The agency has a policy for conducting logic checks to validate the accuracy of the data in its program-level HMIS-compliant system and regularly comparing universal and provider program specific data elements to available paper records and updating/correcting missing or inaccurate data, consistent with the CT Data Quality Standards.	Yes	No

- C. Project List

Please list all projects operated by this agency whose primary purpose is to meet the specific needs of people who are homeless or at-risk of homelessness and indicate if it is, or will be, participating in the CT HMIS under this HMIS Participation Agreement. Please indicate program type.

- If an of the agency's programs are not already set up in HMIS, a new project information form must be completed for each participating project at the time of the MOU processing.
- If you need a list of your current projects, please contact the **CT HMIS Help Desk at help@nutmegit.com**.

Program types include:

ES =Emergency Shelter	PSH =Permanent Supportive Housing	CAN =Coordinated Access Network
HO =Homeless Outreach	RRH =Rapid Re-housing	SO =Services Only Program
HP =Homelessness Prevention	SH =Safe Haven	TH =Transitional Housing
PH =Permanent Housing without Supportive Services

Signature: _____ **Date:** _____

You are required to notify the CT HMIS System Administrator within 10 business days if the Agency Security Coordinator changes.

B. Assurances of Consistency with Security Plan

Each organization is required to establish and follow the relevant policies and practices in order to comply with CT HMIS Policies and Procedures. If the requirement cannot be met at the time of execution of the MOU, you must participate in a remediation action plan process to correct the identified areas that are out of compliance.

Meets Requirements – If unable to indicate Yes, contact help@nutmegit.com for assistance.	Yes or No (Select only one)
Security Requirements	
Documentation will be kept on file that each end user has completed security training prior to gaining system access consistent with Section 1 of the HMIS policies and procedures.	Yes No
Participating HMIS Agency maintains and follows procedures to install, update and use anti-virus software on all owned devices used to access the agency level HMIS, consistent with Section 2 of the policies and procedures.	Yes No
Identify the anti-virus software in use: _____	
Specify the frequency with which the software is updated and the frequency with which the devices will be scanned. At minimum, update of the software and scan the relevant devices for viruses and malware must be done weekly. How often is the software updated/scanned? Frequency: _____	
Participating HMIS Agency has established procedures for protecting HMIS data behind a network or personal firewall.	Yes No
Identify the firewall being used: _____	
The following workstation and username protections listed below have been formalized in a written procedure and tested within the last 12 months:	Yes No
• Defines a period of inactivity after which the user's workstation must be automatically logged out of the system and/or locked out of the computer, requiring a username and password to resume use of the program-level HMIS-compliant system. • Identifies that passwords are not to be written down • Defines that workstation (or network) passwords must be changed periodically (minimum of every 6 months) and use industry accepted password complexity logic	
Participating HMIS Agency has a policy specifying that end users may not electronically transmit any unencrypted client-level data across a public network, consistent with section 2 of the policies and procedures.	Yes No

Participating HMIS Agency has a policy specifying any hard drives or removable media on which PPI is stored will be encrypted and that users are prohibited from storing client-level data on any personally owned media, consistent with Section 3 of the policies and procedures.	Yes	No
Participating HMIS Agency has a policy describing how hard-copy and electronic client-level data will be protected and disposed of, consistent with Section 3 of the policies and procedures.	Yes	No
Participating HMIS Agency has a policy specifying the thresholds and process for security incident reporting, consistent with Section 2 of the policies and procedures.	Yes	No
Participating HMIS Agency maintains records of any and all security breaches to the program-level HMIS-compliant system.	Yes	No
Each Participating HMIS Agency will have a plan in place for coordinating with the HMIS System Administrator with respect to maintaining and recovering access to its own data, consistent with Section 3 of the policies and procedures when applicable.	Yes	No

We affirm and certify the above information is true and that this agency,

Agency Name: _____,

is in full compliance with all requirements listed as Contributing HMIS Organization responsibilities in the U.S. Department of Housing and Urban Development Homeless Management Information System (HMIS) Data and Technical Standards Final Notice and with the CT HMIS Policies and Procedures or will be in compliance within the timeframes stated above. This certification is incorporated into the CT HMIS Agency MOU. Any misrepresentation of the foregoing may result in termination of the MOU.
